FELIPE L. PLADO JR.

BSIT-STUDENT | INTERN

Felipeplado21@gmail.com | (63) 991 - 387 - 8919 | Rizal, Nueva Ecija, Philippines

PROFESSIONAL SUMMARY

Dedicated Bachelor of Science in Information Technology student looking for an IT internship. Bringing practical skills in fixing hardware and software issues, IT technical support, and building web and mobile apps. Grounded by hands-on experience, hardworking, and able to adjust to different work situations. A collaborative problem-solver who communicates clearly and is eager to learn new technologies in a fastpaced workplace.

PROJECTS

TrackAdemia - Thesis and Research Tracker | Capstone Project *(TypeScript, Supabase, Next.js)*

- A centralized thesis and research management system facilitating draft submissions, adviser review cycles, feedback resolution, and multi-stage approval tracking with real-time status updates.
- Led requirements gathering to define system workflows and project scope, authored comprehensive technical documentation, and conducted end-to-end testing across revision modules to ensure data integrity and platform reliability.

Barangay Management System | Case Study (Python,MySQL)

- Local governance system featuring resident profiling, household tracking, blotter case management, and automated PDF certificate issuance.
- Developed and optimized structures and system logic for core barangay operations, ensuring data integrity and optimal performance through rigorous testing and debugging

EDUCATION

Bachelor of Science in Information Technology **2023 - 2027(Expected)**
Nueva Ecija University of Science and Technology | Major in Web System and Technology

KEY SKILLS

HTML | CSS | JavaScript | PHP | Python | Angular | Ionic | MySQL | System Testing | Debugging | Logic & Flow Analysis | Technical Documentation Review | Problem Solving | Adaptability | Communication

TOOLS USED

VS Code | XAMPP(MYSQL) | GitHub | Claude AI | ChatGPT | Gemini AI | Canva | Google Workspace | Excel | Word | PowerPoint | Gmail | Zoom | PostMan | OBS Studio |
